

CROSSBOW BENDER

Ref: 250300 – 250301 – 250302 – 250303 -
250304 – 250305

Ref. 250300
Crossbow Bender only
In case **Virabox**

Extra features

- > **Quick and effortless:** optimal force / actuations ratio.
- > **Powerful:** designed to bend stainless steel up to \varnothing 15 mm.
- > **Robust:** thanks to its optimized materials of high quality.

Ref. 250302
Bender copper
12 to 22 mm
In **Virabox** case

Product benefits

- 1 - Perfect bending of **annealed copper pipes** (in accordance with the recommendations of **EN 1057 standard**) up to \varnothing 22 mm, **multilayer pipes** up to \varnothing 32 mm, and **stainless steel** and **electro-zinc steel pipes** up to \varnothing 15 mm.
- 2 - **Optimization** of the **force** to apply in relation to the **number of actuations** of the movable handle for an **easy** and **fast** realization of the bends.
- 3 - **High quality aluminum** body, handles made of **forged steel**.
- 4 - Simple and robust mechanics with **double ratchet in line** and rack in **high strength treated steel**.
- 5 - Multipurpose use : **One-hand** for **fast bending** on most diameters, **Two-hands** for **more power** on the most difficult materials and diameters.
- 6 - **Light and handy**, only 1.3 kg (machine only) for less fatigue of the user.
- 7 - Release lever for quick removal of the former.
- 8 - **Soft Touch®** non-slip handle for a good grip.
- 9 - Quick insertion and removal without tool of formers and cheeks.
- 10 - For making 90° bends, and any other forms of bending.
- 11 - Delivered in **VIRABOX case**, can be **clipped together**, easy to transport and store.
- 12 - **Saves time** compared to soldering, **saves costs** on supply and storage of assembly elbows, **secures installations** thanks to fewer assemblies.

Size: 350 x 60 x 65 mm

Capacities:

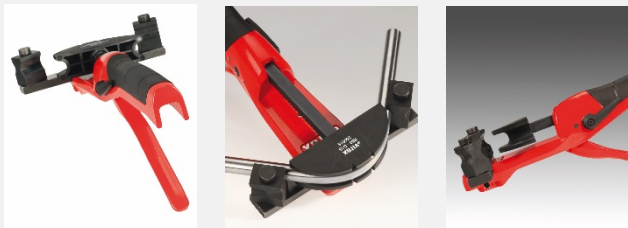

Annealed copper : \varnothing 10 to 22 mm,
 \varnothing 3/8" to 7/8"
Multilayer : \varnothing 14 to 32 mm
Stainless Steel : \varnothing 12 to 15 mm
Electro-zinc steel : \varnothing 12 to 15 mm
Bending angle: up to 95°

CROSSBOW BENDER

Ref: 250300 - 250301 - 250302
- 250303 - 250304

Formers in **high strength** glass fiber charged plastic, guaranteeing **ideal maintaining** of the tube in the former.

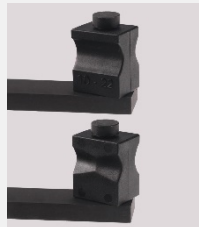

Clear and visible marking of the diameter and bending radius directly on the formers.

Patented system for easy viewing of the **dimensions markings** on the tube.

Cheeks and counter former in **high-strength** glass fiber charged plastic.

Patented system facilitating **elbow-in-elbow bending**: counter formers with 1 face for regular bending and 1 special face dedicated to elbow-in-elbow.

Formers, cheeks and counter formers **compatible** with the crossbow bender 2500.

Guarantee / After-sales

> 2 years warranty. During guarantee the Crossbow Bender will be repaired. Out of guarantee, a quote will be available for repair.
